

Mission Statement

Wairakei Primary School works in partnership with our community to grow our children into confident lifelong learners.

Wairakei Primary School is located in a small geothermal village of 150 houses in close proximity to the larger town of Taupō. The school opened in 1959. The families of Wairakei Village, the surrounding farming district and Kinloch Village make up the school community. The school community reflects this mixture of both rural and urban families.
