

# Digital Task boards to extend your learning.

## Can Do's for after your Must Do's...

**Google Earth - Explore our world!** You can choose from the following activities or do all of them. Your choice.

[Timelapse](#) Our planet is changing - watch it!

\*Tell us something you found amazing. Use Seesaw to tell us. You could take a screenshot of your favourite part and explain what is happening.

[Explore Google Earth.](#) Grab the helm and go on an adventure!

\*Where did you go for your adventure?

Tell us **where** you went and **what** you discovered.

[Live streams of wildlife in Africa](#) Check out the cameras in 11 different spots throughout Africa.

\*What did you see? What did you hope to see?

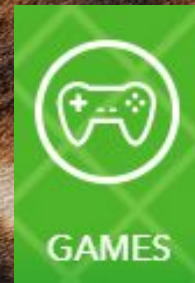

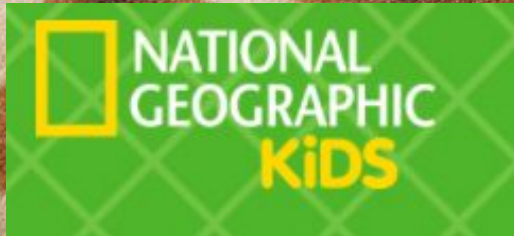

\*Use the information on the right of the screen to tell us about one of the parks where you saw animals. *Name, location* and some interesting *facts* about it.

Check out the following slides for more fun activities...

## National Geographic Kids

Explore the website and find out about events around the world, animals and the environment.

Have a go at the games and see how good your knowledge is in the quizzes.

# Google Docs - A few of my favourite things!

1. Create a Google Doc
2. Make a table
3. Insert photos of your favourite things- animal, food, sports etc
4. Share it with a classmate or teacher!

Football	Ice Cream	Tigers	Beach
			

## Coding - Learn to code on Scratch!

1. Go to <https://scratch.mit.edu/ideas>
2. Have a go at some of the online tutorials!
3. Share your coding with your teacher.
4. Think about how you could use Scratch to teach people about some of the animal facts you have discovered in your online learning.
5. Have a go...

## Indoor Scavenger Hunt

Check out the Indoor Scavenger Hunt on the next slide.

See how many of the items you can find.  
Take a photo and either upload them to docs or Seesaw and share with your teacher. Have fun!

*You are curious*

*You ask questions*

*You are focused*

*You are determined*

*You don't give up*

**You Think**

**You Try, Try, Try**

*You can do it!*

## Indoor Scavenger Hunt

### Remember to Persevere

Perseverance is a personality trait that pushes you to overcome difficulties. Having perseverance means that when you are facing a challenge, you use your mind and your body to overcome it.

#### Find

- |                                  |                                   |
|----------------------------------|-----------------------------------|
| 1. A piece of paper              | 16. Something round               |
| 2. Two things that match         | 17. Something crooked             |
| 3. 3 things that have wheels     | 18. Something with eyes           |
| 4. A right shoe                  | 19. Something very light          |
| 5. An envelope                   | 20. Something that opens          |
| 6. A purple crayon               | 21. Something that sinks          |
| 7. Something alive               | 22. Something that floats         |
| 8. Something shiny               | 23. Something that smells         |
| 9. Something sticky              | 24. Something with buttons        |
| 10. Something tall               | 25. Something made of wood        |
| 11. Something blue               | 26. Something made of metal       |
| 12. Something you love           | 27. Something with a pattern      |
| 13. Something strange            | 28. Something that is very soft   |
| 14. Something that holds things  | 29. Something you can see through |
| 15. Something that makes a noise | 30. Something you have made       |

#### You could use a device to...

- 📷 Photograph, video or set up a time lapse
- 🎥 Record and make a movie, you could try using the CLIPS app if it's so much fun
- 👤 Create a Scavenger Hunt for someone else

*You are curious*

*You ask questions*

**You are focused**

*You are determined*

*You don't give up*

**You Think**

**You Try, Try, Try**

*You can do it!*

## Remember to Persevere

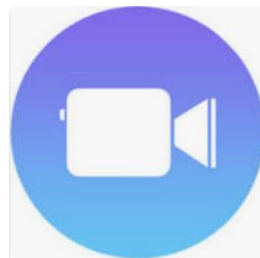

Perseverance is a personality trait that pushes you to overcome difficulties. Having perseverance means that when you are facing a challenge, you use your mind and your body to overcome it.

### Find

1. A piece of paper
2. Two things that match
3. 3 things that have wheels
4. A right shoe
5. An envelope
6. A purple crayon
7. Something alive
8. Something shiny
9. Something sticky
10. Something tall
11. Something blue
12. Something you love
13. Something strange
14. Something that holds things
15. Something that makes a noise
16. Something round
17. Something crooked
18. Something with eyes
19. Something very light
20. Something that opens
21. Something that sinks
22. Something that floats
23. Something that smells
24. Something with buttons
25. Something made of wood
26. Something made of metal
27. Something with a pattern
28. Something that is very soft
29. Something you can see through
30. Something you have made.

### You could use a device to...

- 📷 Photograph, video or set up a time lapse.
- 📹 Reflect on your hunt, what was easy, what was the hardest thing to find?
- 📹 Record and make a movie, you could try using the CLIPS app it's so much fun.
- 📹 Create a Scavenger Hunt for someone else.

# Photography Challenge

Check out the [Photography Challenge](#) on the next slide. See how many of the items you can find to photograph. Follow the instructions to experiment with photography and choose a photo of each item to either upload to docs or Seesaw and share with your teacher. Have fun!

## Snail's Eye View

Hold the camera **low** to look **along an object**.

Imagine you were a small slithering along the ground.

## Possum's Eye View

Hold the camera **low** and against an object **looking upwards**. This can make the object look huge.

Imagine you were a possum looking up a tree.

## Giant's Eye View

Hold the camera **above** the object **looking down**. This makes objects look small or weak.

Imagine you were a towering giant looking down at the ground.

## Eye Level View

Hold the camera straight at the same level as your eyes.

Take the photo as you see it from your level. Be careful not to tilt the camera.

## 30 day Photography Challenge

A good photographer takes several photos of the same thing then chooses their favourite one to keep or share.

1. Snail's Eye View
2. Possum's Eye View
3. Giant's Eye View
4. Eye Level View
5. Something that I love
6. My happy place
7. My favourite colour
8. Favourite time of the day
9. Nature indoors
10. Beautiful light
11. Something delicious
12. Someone that I love
13. In my room
14. Something with patterns
15. Something close up
16. What I can see out my window
17. What makes me smile
18. Something I have made
19. Something funny
20. Pieces of something
21. Something blue
22. Something big
23. Fork and Spoon
24. Water
25. Texture
26. Playtime
27. Together
28. Broken
29. Eyes
30. Food

### Tips when using the camera on iPad:

1. Remember to tuck in your 'chicken wings' (elbows), this will help keep the iPad still.
2. Remember you can change the brightness of your photo by tapping the screen and scrolling the little yellow sun up or down.
3. Remember you can zoom in on your subject by sliding 2 fingers in and out across your screen.
